Animal Feed Science and Technology 79 (1999) 347–349

ANIMAL FEED SCIENCE AND TECHNOLOGY

Contents of *Animal Feed Science and Technology*, Volume 79

VOL. 79 NOS. 1–2 **15 MAY 1999**

Feed intake and selection of tree fodder by dairy heifers
R.L. Roothaert (Nairobi, Kenya) 1

The influence of wilting and forage additive type on the energy utilisation of grass silage by growing cattle
F.J. Gordon (Hillsborough, UK and Belfast, UK), L.E.R. Dawson, C.P. Ferris (Hillsborough, UK), R.W.J. Steen (Hillsborough, UK and Belfast, UK) and D.J. Kilpatrick (Belfast, UK) 15

Effect of micronization on the performance of growing/finishing pigs fed diets based on hulled and hulless barley
P.A. Thacker (Saskatoon, Canada) 29

Optimal mineral composition of artificial saliva for fermentation and methanogenesis in continuous culture of rumen microorganisms
L.-P. Broudiscou, Y. Papon (Paris, France) and A.F. Broudiscou (Miremont, France) 43

Hydrogenation of eicosapentaenoic and docosahexaenoic acids and their incorporation into milk fat
S.K. Gulati, J.R. Ashes (Blacktown, NSW, Australia) and T.W. Scott (Sydney, NSW, Australia) 57

Relationship between analysed and theoretical content of diethylether extractable fat in standardised commercial feed mixtures for farm animals
T. Soevik (Bergen, Norway) 65

Influence of nitrogen fertilization on the nutritional value of high-lysine barley determined in growing pigs
H. Jørgensen, V.M. Gabert and J.A. Fernández (Tjele, Denmark) 79

Effects of high dietary molybdenum concentration and duration of feeding time on molybdenum and copper metabolism in sheep
E.B. Pott, P.R. Henry, M.A. Zanetti, P.V. Rao (Gainesville, FL, USA), E.J. Hinderberger Jr. (Rolla, MO, USA) and C.B. Ammerman (Gainesville, FL, USA) 93

Estimated relative bioavailability of supplemental inorganic molybdenum sources and their effect on tissue molybdenum and copper concentrations in lambs
E.B. Pott, P.R. Henry, P.V. Rao (Gainesville, FL, USA), E.J. Hinderberger Jr. (Rolla, MO, USA) and C.B. Ammerman (Gainesville, FL, USA). 107

Effects of ractopamine at different dietary protein levels on growth performance and carcass characteristics in finishing pigs
R.-J. Xiao, Z.-R. Xu and H.-L. Chen (Hangzhou, China) 119

Differences in chemical composition and fibre digestion of rice straw with, and without, anhydrous ammonia from 53 rice varieties
O.H. Abou-El-Enin (Alexandria, Egypt and Davis, CA, USA), J.G. Fadel and D.J. Mackill (Davis, CA, USA). 129

Effect of supplementary feeding of cotton seed cake on feed intake, water consumption and work output of work bulls in Borno state, Nigeria
M.S. Yahaya, J. Takahashi, S. Matsuoka (Hokkaido, Japan) and A. Kibon (Maiduguri, Nigeria) 137

Short communications

Misleading relationships between in situ rumen dry matter disappearance, chemical analyses and in vitro gas production and digestibility, of sugarcane begasse treated with varying levels of electron irradiation and ammonia
D.M.S.S. Vitti, A.L. Abdalla, J.C. Silva Filho, N.L. del Mastro (Piracicaba SP, Brazil), R. Mauricio, E. Owen and F. Mould (Reading, UK) 145

Protein and energy retention in pigs fed diets containing sepiolite
P. Parisini, G. Martelli, L. Sardi (Bologna, Italy) and F. Escribano (Madrid, Spain) 155

VOL. 79 NO. 3 **1 JUNE 1999**

The effect of variety on maize grain and crop residue yield and nutritive value of the stover
A. Tolera (Awassa, Ethiopia), T. Berg and F. Sundstøl (Noragric, Norway) 165

Fermentation characteristics of cell-wall sugars from soya bean meal, and from separated endosperm and hulls of soya beans
H. van Laar, S. Tamminga, B.A. Williams, M.W.A. Verstegen and F.M. Engels (Wageningen, The Netherlands) 179

Application of a method to determine ileal digestibility in broilers of amino acids in wheat
F.J. Short, J. Wiseman and K.N. Boorman (Leicester, UK) 195

Enhancement of phytate phosphorus availability in the diets of commercial broilers and layers
S.V. Rama Rao, V. Ravindra Reddy and V. Ramasubba Reddy (Hyderabad, India) 211

Interpretation of rumen degradability of concentrate feeds with a Gompertz model
P. Susmel, M. Spanghero and B. Stefanon (Pagnacco, Italy) 223

Measurement of cell-wall digestibility in lucerne using the filter bag technique
B. Julier, M. Lila, V. Furstoss, V. Travers and C. Huyghe (Lusignan, France) 239

Short communication

Effect of ethanol concentration and application period of soyabean meal on the kinetics of ruminal digestion
R.N. Corley III, A. Woldeghebriel, M.M. Corley (Tuskegee, Al, USA) and M.R. Murphy (Urbana, IL, USA) 247

VOL. 79 NO. 4 **30 JUNE 1999**

Quantitative analyses of selected plant by-product feedstuffs, a global perspective
J.G. Fadel (Davis, CA, USA) 255

Nylon capsule method and alfalfa hay crude protein digestibility evaluation
J. Třináctý, M. Šimek (Pohořelice, Czech Republic) and P. Homolka (Praha, Czech Republic) 269

Effect of DL-malate on mixed ruminal microorganism fermentation using the rumen simulation technique (RUSITEC)
M.D. Carro, S. López, C. Valdés and F.J. Ovejero (León, Spain) 279

The disappearance of dry matter, nitrogen and amino acids in the gastrointestinal tract from *Calliandra* leaves
M.B. Salawu, T. Acamovic, C.S. Stewart (Scotland, UK), T. Hvelplund and M.R. Weisbjerg (Tjele, Denmark) 289

Protein quality in blood meal I. The rat as a model animal for determining apparent ileal amino acid digestibility in the growing pig
G. Pearson, P.J. Moughan, G.Z. Dong and P.C.H. Morel (Palmerston North, New Zealand) . . 301
Protein quality in blood meal II. The effect of processing on in vivo nitrogen digestibility in rats, protein solubility and FDNB-available lysine
P.J. Moughan, G.Z. Dong, G. Pearson and B.H.P. Wilkinson
(Palmerston North, New Zealand) 309
A semi-automated in vitro gas production technique for ruminant feedstuff evaluation
R.M. Mauricio, F.L. Mould (Reading, UK), M.S. Dhanoa (Aberystwyth, UK), E. Owen,
K.S. Channa (Reading, UK) and M.K. Theodorou (Aberystwyth, UK) 321
Nutrient digestibility in Atlantic salmon and broiler chickens related to viscosity and non-starch polysaccharide content in different soyabean products
S. Refstie (Sunndalsøra, Norway), B. Svihus (Ås, Norway), K.D. Shearer (Seattle, WA, USA)
and T. Storebakken (Sunndalsøra, Norway) 331

Contents of *Animal Feed Science and Technology*, Volume 79 347
